

CENTRAL INTELLIGENCE AGENCY

WASHINGTON 25, D. C.

OFFICE OF THE DIRECTOR

27 November 1964

MEMORANDUM FOR ALL EMPLOYEES

1. I am pleased to announce that the Combined Federal Campaign in the Agency was a great success. Your pledges to the United Givers Fund, National Health, and International Services Agencies equalled 135.8% of our goal. The Agency made the CFC Honor Roll for exceeding our goal prior to the closing of the campaign and we ranked among the top three of the larger Federal agencies in percentage of goal attained. I commend you on this record and thank you for continuing the Agency's tradition of generous giving to worthy causes. Your gifts to the Public Service Aid Society exceeded last year's and, in addition, you generously supported our newly established Educational Aid Fund.

2. Your generous giving to the CFC organizations and the liberal use of the payroll allotment plan has demonstrated the preference of Agency employees for a one-campaign effort each year with the opportunity of using payroll deduction for voluntary charitable contributions. Your help in making the combined fund-raising campaign a success is most gratifying.

3. I wish to thank all employees for their generous contributions and to commend the Office Chairmen and Keymen whose efforts contributed materially to our successful campaign.
